

Policy Unit: 5c LYM2
North Point to Saltgrass Lane

Summary

This policy unit covers the inter-tidal beach and channels of Keyhaven, running along the inside of Hurst Spit and includes a large area of saltmarsh and mudflat (designated SSSI, SPA and Ramsar site). The saltmarsh gives way to a narrow shingle ridge above the High Water mark, which widens at North Point. There are no sea defences along this frontage.

Survey Regime

Survey type	Frequency	Profile spacing/survey extent
<i>Topographic baseline</i>	-	-
<i>Topographic interim profile</i>	-	-
